About This Game

- Build your own space fleet and become commander of the Ultimate Combat Fleet
 - Real-time strategy PVP games (one-to-one matching system)
 - Destroy the enemy Mothership and win the battle!
 - Flagship of the fleet allows the player to control movement and skill,
 - Flagship has 3 unique active skills for each type, and you can change the Flagship to be used in combat in the lobby.
 - Units can be summoned by the player using resources and automatically battled by AI.
 - Unit has a relative effect depending on each type, size, attack weapon, or the attacking target.
- It is important to use the skill to lead the battle to victory, also understanding the property to produce the appropriate unit for combat situations.

Developer:
WolfShipGames Co., Ltd.
Publisher:
WolfShipGames Co., Ltd.
Release Date: 7 Mar, 2018

b4d347fde0

English

Wanna play this game? It looks fairly neat for \$8. How would you like to spend 5+ minutes looking for an opponent, only for the game to close down instead. Really is a blast to look at the dps of the various \u2665\u2665\u2665\u2665\u2665 ships that you don't ever get to use. Bad game for baddies.
